EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with the attorney Mark F. Harrington on Wednesday, August 09, 2006.

The application has been amended as follows:

In the specification

- Page 7, line 5, "and through apertures 40 and 41" has been inserted after "into the plane"

In the Amended claims filed on July 24, 2006

- Claim 6, line 9, "designed to be" has been deleted.

2. The following changes to the drawings have been approved by the examiner and agreed upon by applicant: The reference numbers "40" and "41" for the apertures will be added in the drawings. In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.

REASON FOR ALLOWANCE

3. The following is an examiner's statement of reasons for allowance:

For claim 1, in combination with all the limitations recited in the independent claim, all the prior arts do not show a plug connector comprising a flat planar member compression contact

terminal having a connection end, an intermediate spring part, and a contact end, wherein the contact end having at least one protuberance formed at an edge of the flat planar member along a plane of the flat planar member.

For claim 9, in combination with all the limitations recited in the independent claim, all the prior arts do not show a plug connector comprising a flat planar member compression contact terminal having a connection end, an intermediate spring part, and a contact end, wherein the contact end has at least one protuberance, which has a cut-out face to force a lateral movement of the contact end when the protuberance slides against a wall of a cavity of an insulating body; and has at least one aperture receiving a projection of the insulating body to fixedly hold the connection end in the insulating body.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Hae M. Hyeon whose telephone number is 571-272-2093. The examiner can normally be reached on Mon.-Fri. (8:30-5:30).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Tulsidas C. Patel can be reached on (571) 272-2098. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
